ICEM 2026 CONFERENCE APP & WIFI

📱 ✨ **Your conference app – everything you need, anytime!**

The **conference app** gives you fast, easy, and intuitive access to all key conference information – right on your smartphone 📱 ✨

- ✅ 📅 Conference program
- ✅ 💬 Social wall & chat function
- ✅ 📄 General conference information
- ✅ 🗺️ Room & exhibition floor plans
- ✅ 📅 Exhibitor overviews

... and much more! 🌍 ✨

🔑 ✨ If you have already logged into the program planner on the conference website and marked your favorites ❤️, simply use the same login details in the app.

All your personal program highlights and schedules will be available instantly in the conference app 📱 📅.

Search for

Technology for Life

EMVISION

www.emvision.com.au

EMVision Medical Devices Ltd (ASX:EMV) is building a world-first portable brain scanning platform designed to bring diagnostic-grade capabilities to the point of care, at the bedside, in emergency departments, and ultimately in pre-hospital and retrieval environments where minutes determine outcomes.

Subscribe to our newsletter

The EMVision portable brain scanner is not available for sale or clinical use. It has not been cleared by any regulatory authority.

CERTIFICATION

 Certification for **ICEM 2026** has been **applied for**

 **EACCME®**
 **Medical Association of Hamburg (Ärztekammer Hamburg)**

  Detailed information: **conference app** and on the **conference website icem2026.com/program/certification**

  Registration for professional nursing staff (RbP) has been approved with **14 credit points**.

  **Please note: Daily scanning is mandatory in order to receive CME credits.**

SILENT MODE TECHNOLOGY

 Silent mode headphones will be used during **ePoster Sessions**, the **Social Media Stage**, and in the **Event Space** to ensure an optimal conference experience.

 Headphones are available at **three distribution points**:

- 1** Entrance foyer left to the Social Media Stage
- 2** Foyer X on the 1st floor
- 3** Event Space in the exhibition hall

 Channels can be switched easily at the push of a button and are identified by color coding. You will find the corresponding colors at each station.

 Please return your headphones to the counter after usage.

INNOVATIVE DIAGNOSTICS FOR FASTER CLINICAL DECISIONS

LUNCH SYMPOSIUM
11th June, 2026 12.15-13.15
ROOM Y3, 2ND FLOOR

25th International Conference on Emergency Medicine
Hamburg, 9-13 June 2026

Smart Emergency Software

Trusted by 250+ hospitals.
Scoring methods. Intelligent workflow management.

- OUR PORTFOLIO
- epias ED** - Triage and workflow management for your emergency department
 - epias INZ** - Cross-sector patient management at the initial assessment unit
 - epias Sepsis** - Catch sepsis before it strikes
 - epias Connect** - Digital pre-registration: proactive instead of reactive to EMS
 - epias MCI** - Rapid and structured patient care during mass casualty incidents

epias is a specialist software provider in clinical emergency care. Our web-based solution, epias ED, enables hospitals to digitalize all key processes within the emergency department.
